

## Declaration of Compliance on IEC 61724-1:2021 For our Irradiation sensors and other sensors

IEC 61724-1 is a standard for monitoring Photovoltaic system performance. Most of paragraph are dedicated to monitoring systems and best practice. Only some paragraph are dedicated to Irradiance sensors and other sensors.

Hereby, after analyzing the above standard, edition 2021, we declare :

Paragraph	Sunmeter PRO	Sunmeter CERTI	Litemeter LM5-485	Litemeter LMx-420	Anemometer	ENV-485PRO
8.1	Compliance point 2				Not applicable	Not applicable
8.2	Class A Compliance	Class A certified	Class B	Class A	Not applicable	Not applicable
9.1	Compliance	Compliance	No compliance	Not applicable	Not applicable	Not applicable
9.2	---	---	---	---	---	Compliance
9.3	Compliance*	Not applicable	Not applicable	Not applicable	Compliance	---
9.7	---	---	---	---	---	Compliance
13.3	Directly suitable	Directly suitable	Directly suitable	indirectly suitable	---	---

\* 9.3 Compliance with Sunmeter PRO WIND

(Other paragraphs are not applicable or not concerning our sensor types)
